■ Chapter 2 ■

In the scorching heat of summer I went to the Tokyo Tower to acquire data. But in reality, it was so hot that I forgot most of what happened there. (even though I was born in summer. I can't stand the heat). I was born in Tokyo, but it was the first time in my life to go to the highest tower. I love standing on tall places! (Even though it was expensive...)

■■■■

The editor asked me if I wanted to draw "Lucky Pup", so he appeared in this episode. Lucky Pup and Meowy Kitty are good buddies. In publishing date terms. That's really good to hear!

PLUS,
YOU HAVE NO RIGHT TO JUST CASUALLY ENTER SOMEONE ELSE'S ROOM AT WILL
EVEN IF IT'S TEMPORARY YOU CAN'T ENTER A SHY AND BEAUTIFUL GIRL'S ROOM!!

Character Chart Example 2

YOTSUYA TAKUMI

PERSONAL DATA

Birthday: 3rd May Blood type: A
Height: 178cm
Age: It's a secret before Volume 2
Specialties: Low blood pressure, can speak 5 languages

■■■■■■■■■■■■■■■■

Yotsuya Takumi's age has been debated a lot, but it will be revealed in the first chapter of the second volume. There's no special reason to keep it secret, it's just that I wanted the perfect chance to explain

It's really fussy every time I reach coloring Takumi's black hair, because when re-applying the color, I just make the color smudge and blend more. In the original design, his eyes were only half as big... Thus it's alright, though...

Some fans sent me a letter, "It would be alright if mastey was borrowed from Takumi." It sounds quite interesting, but I would don't want that, because if you get tricked by this guy, then

Happy Birthday,
miki-chan
Thank for being
a great one for
nothing you've done
for LS. Keep
the good work!
Happy Birthday
